**preliminary rounds** – means the rounds of a competition played for competition points and excludes the finals series.

#### 1.2 Authority of the Committee

This may include the imposition of fines, penalties, suspensions or exclusions as appropriate. Such action/s will be determined after consideration of the merits of each individual situation.

The Committee has the authority to enquire into and determine any alleged breach of these Playing Conditions, even though no dispute or protest has been lodged, and the time for lodging such dispute or protest has expired and shall have the same powers in dealing with such alleged breach as if the dispute or protest had been lodged in accordance with these Playing Conditions.

#### 1.3 Alteration to these Playing Conditions

After the commencement of the competition, any changes to these Playing Conditions that alter the intent of any part must be approved by a two thirds majority at a General Meeting of the Association or as otherwise permitted under the constitution.

Situations not covered or clauses requiring clarification may be dealt with by the Committee of Management whose decision will be final.

Note: The Committee may make amendments to correct errors or anomalies that do not alter the intent of the clause/s concerned.

#### 1.4 Written notification

Unless specified otherwise in these Playing Conditions:

- (a) any document required to be submitted in writing to the Association, must be either:
  - (i) sent by email to the official email address of the Association (i.e. Secretary@orangecricket.com.au), or

#### 2.1 Registration

- (a) All players, including substitute fielders, must be registered with their club in PlayHQ, prior to participating in any competition match, unless (b) below applies.
- (b) A player may play as a fill-in player only once in all competitions during the season after which that player must be registered before playing any further matches in that season. **A fill-in player must be provided with a copy of the 'Cricket New South Wales Terms and Conditions of Player Registration' prior to playing in a match.**
- (c) **Any club that permits a player to repeatedly play as a fill-in will be subject to the penalties included at clause 5(b) below for playing an ineligible player.**

#### 2.2 Minimum age

To be eligible to play in ODCA competitions, a player must be:

- (i) a minimum of 14 years of age to play in 1<sup>st</sup> to 3<sup>rd</sup> Grades inclusive, and
- (ii) a minimum of 13 years of age to play in Centenary Cup.

The age of a player will be determined as their age at the date of the match.

#### 2.3 Player transfers and clearances

- (a) A transfer is required for any player who is changing their affiliation, i.e., leaving one club and moving to another club.
- (b) A player who has registered and has played with an ODCA club in a season cannot transfer to a different ODCA club more than once during the season without the approval of the ODCA.
- (c) A player must obtain a clearance from their previous club before that player will be permitted to register to their new club. A clearance can be obtained in one of the two following ways.
  - (i) For a player who has been previously registered in PlayHQ, the clearance is part of the transfer process in PlayHQ.

*Note: PlayHQ will automatically progress a transfer request to the next level after a certain period of time (currently 5 days) so clubs must ensure they action transfer requests within that time.*

- (ii) A written clearance, signed by an appropriately authorised person from the players former club, will be required for any player who has not been previously registered in PlayHQ and must be submitted to the ODCA before the player is eligible to play with their new club.

An email from an appropriately authorised person from the player's former club may be accepted as a written clearance at the Secretary's discretion.

- (d) The Committee reserves the right to grant conditional approval to a players registration where it believes a Transfer Request is being delayed by a club without proper cause, or where a dispute has arisen between clubs regarding that players clearance.

- (b) **A qualified player is eligible to play in their grade, or a higher grade for the finals.**

- (a) Unless determined otherwise by the ODCA, the Mitchell Cricket Umpires Association (MCUA) will be responsible for the appointment of umpires to ODCA competitions.
- (b) Unless requested otherwise by the ODCA, during the preliminary rounds the principle of appointing one umpire to each match shall be adopted.
- (c) Wherever possible during the finals series, two umpires shall be appointed to each match.
- (d) Where there is an insufficient number of suitable umpires available to meet the requirements of (b) or (c) above, the ODCA shall determine which matches are to have umpire/s appointed.

#### 7.2 Only one appointed umpire present

- (a) Where only one MCUA appointed umpire is present that umpire shall officiate at the bowler's end only.
- (b) That umpire will, with the assistance of the captains, appoint substitute umpires to officiate throughout the match as required. The final decision as to any such substitute appointments rests with the MCUA appointed umpire.
- (c) The MCUA appointed umpire shall be the sole judge for the purposes of Law 2.7 (Fitness for play) and Law 2.6 (Fair and unfair play).

#### 7.3 No appointed umpires present

- (a) Where there is no MCUA appointed umpire present, substitute umpires will be agreed upon by the captains. The final decision as to the persons to act as substitute umpires will rest with the captain of the batting side.

- (c) Where the captains disagree, the status of the match at the time of the disagreement is to continue until such time as an agreement is reached or the scheduled finishing time for the day is reached, whichever occurs first. When considering such matters, captains must always give the highest consideration to the safety of players.
- (d) The two captains shall also be responsible for ensuring that a helmet is worn when required by these Playing Conditions but shall not be responsible for ensuring that the helmet worn by any player is compliant with British Standard 7928:2013.

- (v) must not coach the players in any way.
- (vi) may only award Penalty Runs under Law 28.3 (Protective helmets belonging to the fielding side) and under Law 28.2.3 (Fielder illegally fielding the ball).

### 7.5 Replacement of umpires

### 9.2 Ground transfer policy

- (b) If a turf pitch is not able to be prepared due to weather or other exception circumstance, the Committee may transfer that match to another ground, where available.

# 2024-25 PLAYING CONDITIONS

## One Day Matches

---

- (c) If a turf pitch has been prepared and the pitch becomes unplayable as a result of covers not being laid on the Friday evening, that match:
- (i) will not be transferred to another ground, and
  - (ii) the team responsible for laying covers shall lose the match, unless determined otherwise by the ODCA.

### 9.3 Notifications

The ODCA will notify teams by any suitable means, including by posts on its website and/or social media channels of any abandoned or transferred matches as soon as possible after a decision has been made.

### 9.4 Matches not cancelled

Unless a match has been cancelled by the ODCA, teams must proceed to their allocated ground, unless representatives have mutually agreed on the match day that play be abandoned. The ODCA and the officiating umpires must be immediately informed of any abandonment.

## 10 GROUNDS

### 10.1 Tidiness of grounds and facilities

- (a) All grounds, including change rooms need to be left in a clean and tidy state at the completion of the day's play. All rubbish should be placed in the bins provided.
- (b) Any fines issued by the ground owner for excessive rubbish shall be passed on to the club/s responsible.
- (c) The ODCA reserves the right to take any action deemed appropriate against any club for any proven breaches of this clause, which may include:
  - (i) A fine in accordance with the Fees and Fines Schedule, in addition to any fine issued by the ground owner.
  - (ii) Loss of match points.

### 10.2 Boundary markers

On any ground where the boundary is not clearly defined or only defined by a marked line, the team listed first on the draw will be responsible for supplying and setting out suitable boundary markers.

### 10.3 Sight screens

It shall be the responsibility of the batting team to provide persons to move sight screens as required by the batters. In the event that this does not occur, the umpire shall require play to continue without the sight screen being moved.

### 10.4 Fitness for Play

If the pitch or ground is deemed to be dangerous or unreasonable for play (refer Law 2.7) at the scheduled time for commencement of play, the day's play may only be abandoned with the agreement of both captains.

If rain is falling when play is in progress, or due to commence, or due to resume, then the umpire/s shall decide when play is to commence or be resumed. It should be noted that the Laws of Cricket do not require rain to stop prior to umpires calling on play to be commenced or resumed.

# 2024-25 PLAYING CONDITIONS

## One Day Matches

---

### 10.5 Lightning

- (a) For grounds with covers, play shall cease immediately, in the event that a lightning flash is followed by thunder less than 40 seconds later.
- (b) For grounds without covers, play shall cease immediately, in the event that a lightning flash is followed by thunder less than 30 seconds later.
- (c) Play shall not resume until 30 minutes after the last audible thunder.
- (d) Immediately following the suspension of play, persons may enter the field of play in order to lay pitch covers. However, no person may remain on, or enter, the field of play in the event a lightning flash is followed by thunder less than 30 seconds later.

## 11 COVERING THE PITCH

### 11.1 General

All participants in every match are to strive to maximise opportunities to play.

### 11.2 Responsibility

- (a) Where covers are available at a ground, the home team (i.e. the team listed first on the draw) shall be responsible for the laying of covers prior to each match day including at the end of play on the first day of Saturday/Sunday matches, the removal of covers on match day and the safe storage of covers once their use is no longer required.

For clarity, the home team at Wade Park maintains responsibility for laying covers even when a Bonnor Cup match is scheduled on the Friday night. The two teams participating in the Bonnor Cup match will take responsibility for covers from the time they arrive at the ground until the match has been completed, after which the responsibility will revert back to the Saturday home team.

- (b) The umpires shall assume control for the use of covers and make all decisions regarding the use of covers from thirty minutes prior to the scheduled time for play to commence.
- (c) Should the umpires decide that the covers be used then it will be the responsibility of both competing teams to assist with any labour required.
- (d) The Association reserves the right to fine any team or club for not correctly storing covers after use.

### 11.3 Laying of covers

- (a) When covers are laid, the pitch and run ups must be protected from rain as much as possible.
- (b) Covers are to be laid on the Friday evening before a match unless otherwise approved by the ODCA (contact the Secretary in the first instance). Covers are to be laid by dusk where possible.
- (c) In the event of the pitch being already wet at the time the covers are due to be laid, the responsible team may exercise discretion as to whether covers should be laid, but they must immediately notify the ODCA of any such decision.
- (d) Should covers not be laid for any reason, the home team must notify the ODCA. Failure to make every possible effort to lay covers, or to advise the ODCA, may

# 2024-25 PLAYING CONDITIONS

## One Day Matches

render that team liable to forfeiture of the match, the loss of points or another penalty as deemed appropriate by the ODCA.

- (e) If covers are not laid as required by the home team and playing time is lost, the away team shall claim the toss.
- (f) On the morning of the match the covers should be removed as early as possible, and no later than 9:00am:
  - (i) unless prevailing weather conditions are unfavourable, and it would be prudent to leave covers on, or
  - (ii) unless directed otherwise by the ground authority or by the ODCA.

The covers may be re-laid should weather conditions require.

### 13 INTERRUPTIONS TO PLAY

#### 13.1 Loss of playing time - general

- (a) The object should always be to rearrange the number of overs so that both teams have the opportunity of batting for the same number of overs.
- (b) The calculation of the number of overs to be bowled shall be based on an average rate of 16 overs per hour (or 3.75 minutes per over) in the total playing time available.
- (c) Where the overs for a match have been reduced, the team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

#### 13.2 Time lost before or during the innings of team batting first

If playing time is lost before or during the innings of the team batting first the number of overs in the innings of both teams shall be reduced at the rate of one over for each 7.5 minutes of playing time lost. *(Refer to Table A1 in Appendix A)*

#### 13.3 Time lost after completion of the innings of team batting first

For any time lost after the completion of the innings of the team batting first the number of overs to be received by the team batting second shall be reduced at the rate of one over for each 3.75 minutes of playing time lost. *(refer to Table A2 in Appendix A)*

Should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the change of innings interval, then any time not utilised in that innings shall be used before overs are reduced.

### 15 INNINGS

#### 15.1 Number of innings

Each team is limited to one innings.

#### 15.2 The toss

The toss shall not be delayed by either team having a lack of players in attendance.

Where a match has an MCUA appointed umpire and one captain, or his deputy does not make himself available for the toss within the required timeframe, the opposing captain may claim the toss.

### 16 QUOTA OF OVERS

- (a) The innings of each team shall be limited to:
  - (i) 40 six-ball overs in a 40 over match.
  - (ii) 35 six-ball overs in a 35 over match.
- (b) Where the overs for a match have been reduced, the team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.
- (c) If the fielding team fails to bowl the required number of overs by the scheduled or rescheduled time for the cessation of that innings, play shall continue until the required number of overs has been bowled or a result has been achieved. The fielding team may also be penalised in accordance with (e) below.
- (d) The bowling team must commence its final over for the innings within:
  - (i) 150 minutes (i.e. 2 hours 30 minutes) of that innings' commencement, for a 40 over match.
  - (ii) 135 minutes (i.e. 2 hours 15 minutes) of that innings' commencement, for a 35 over match.
- (e) If the MCUA appointed umpire determines that the fielding team is solely responsible for the slow over rate causing the last over of the match to commence after the scheduled time for completion of the match, the fielding team shall be liable to be penalised 0.5 points for each over not commenced before the scheduled finish time.

*Note: either or both fielding teams could be responsible.*

### 17 PROTECTIVE HELMETS

- (a) A British Standard 7928:2013 compliant helmet must be worn by:
  - (i) any batter under the age of 18 at all times when batting, and
  - (ii) any wicket-keeper when wicket-keeping up to the stumps, and
  - (iii) any fielder when fielding in a position closer than 7 metres from the striker's position on the popping crease on the middle stump line, with the exception of any fielding position wholly behind the popping crease.
- (b) In the interests of player safety, all players aged 18 years or older are strongly advised to wear a compliant helmet at all times when batting against fast or medium pace bowling.

## 2024-25 PLAYING CONDITIONS

### One Day Matches

- (c) The umpire(s) are the sole judge of whether bowling is fast or medium-paced and will judge the pace of bowling against what is considered "fast", "medium-paced" or "slow" within the context of that particular match.

The wicketkeeper standing either up to, or back from the stumps must not be the deciding factor in this decision.

- (d) The match umpires, or where there is no appointed umpire, the team captains, shall be responsible for ensuring that a helmet is worn when required but shall not be responsible for ensuring that the helmet is compliant with British Standard 7928:2013.

## 18 RESTRICTIONS – YOUTH BOWLERS

### 18.1 Maximum overs

No medium pace or fast bowler (broadly defined by one or both umpires as those to whom the wicketkeeper would normally stand back) shall be permitted to bowl more than the number of overs in a spell, and number of overs in a days' play, set out below:

Age at 31 August	Maximum overs in a spell
Under 19	8
Under 18	7
Under 17	6
Under 16	6
Under 15	5
Under 14	5
Under 13	4

Note:

These restrictions:

- DO NOT apply to spin/slow bowling, subject to the conditions in 18.3 below, and
- Are subject to the over limits in 19 below.

### 18.2 Rest periods

The minimum rest periods between spells for medium and fast bowlers will be at least the same number of overs bowled from the same end as the bowlers' immediately concluded spell.

A bowler who has bowled a spell of less than the maximum spell permitted for his age may resume bowling prior to the completion of the minimum rest period, but this will be considered an extension of the same spell and the maximum overs in a spell for that age of player shall still apply.

A break in play due to weather conditions or for a tea or luncheon interval shall count towards the minimum rest period for a bowler. Every completed 3.75 minutes of the break in play shall count as one over for this purpose.

### 18.3 Change of bowling type

Where a bowler changes between medium pace (or faster) and spin/slow bowling during a day's play:

- (i) if the bowler begins with medium pace (or faster), the bowler is subject to the above bowling restrictions throughout the day; and

# 2024-25 PLAYING CONDITIONS

## One Day Matches

---

- (ii) if the bowler begins with spin/slow bowling and changes to medium pace (or faster), the restriction applies from the time of the change, and all overs of spin/slow bowling bowled prior to the change shall not be taken into account in either the current spell or the innings limit.

### 18.4 Responsibility of fielding captain

It is the responsibility of the fielding captain to ensure that this clause is upheld. The umpires will assist in maintaining records to enable the enforcement of this clause.

If the umpire becomes aware of breaches of this clause, when the ball is dead, they shall direct the captain to take the bowler off forthwith. If applicable, the over shall be completed by another bowler who shall have neither bowled the previous over nor be allowed to bowl the next over.

### 19 MAXIMUM OVERS PER BOWLER

- (a) Subject to the restrictions on youth bowler in 18.1 above, each bowler is limited to a maximum number of overs in an innings as follows:

Match type	Maximum overs per bowler
40 over match	8
35 over match	7

- (b) In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed, unless such a number has been exceeded before the interruption. This clause shall not exclude a bowler from completing an over already started prior to an interruption.

If the total overs are not divisible by five, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

- (c) In the event of a bowler breaking down and being unable to complete an over, the over shall be completed by another bowler. Such part of an over will count as a full over as far as each bowler's limit is concerned.

### 20 THE FOLLOW-ON

Law 14 (The Follow-On) shall NOT apply.

### 21 DECLARATION AND FORFEITURE

No team shall be permitted to forfeit its innings or declare its innings closed.

### 22 FAST SHORT PITCHED BOWLING

- (a) A bowler shall be limited to one (1) fast short pitched delivery per over. A fast short pitched delivery is defined as a ball which, after pitching, passes or would have passed above shoulder height of the striker standing upright at the popping crease.
- (b) The umpire at the bowler's end shall advise the bowler and the batter on strike when one fast short pitched delivery has been bowled.

## 2024-25 PLAYING CONDITIONS

### One Day Matches

---

- (c) For the avoidance of doubt, any fast short pitched delivery called No Ball in accordance with Law 21.10 (Ball bouncing over head height of striker), shall count as one of the allowable deliveries in (a) above.
- (d) In the event of a bowler bowling more than one fast short pitched delivery in an over as defined in (a) above, the umpire at the bowler's end shall call and signal No ball on each occasion. In addition, when the ball is dead the umpire shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.
- (e) If there is a second instance of the bowler being no balled in the innings for bowling more than one fast short pitched delivery in an over, the umpire shall repeat the procedure in (d) above and advise the bowler that this is his final warning.
- (f) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No ball and when the ball is dead, direct the captain to suspend the bowler from bowling and inform the other umpire for the reason for this action.
- (g) If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over nor be allowed to bowl any part of the next over.
- (h) The umpire shall report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.
- (i) The umpires shall then report the matter to the ODCA who shall take such action as is considered appropriate against the captain and the bowler concerned.
- (j) This clause is not a substitute for Law 41.6 (Bowling of dangerous and unfair short pitched deliveries).
- (k) The warning sequence above is independent of the warning and action sequence under any of the Laws.

### 23 WIDE BALL

- (a) The umpire should apply a strict and consistent interpretation of Law 22 (Wide ball) in order to prevent negative bowling wide of the wicket.  
Any delivery which, in the opinion of the umpire, does not give the batter a reasonable opportunity to score shall be called a wide.
- (b) As a guide, any delivery passing the striker on the leg side at least 300mm outside the leg stump, without making any contact with the striker's bat or person shall be a Wide unless the ball passes between the striker and the stumps.

**(TRIAL RULE)** for Third and Fourth Grade, any delivery passing the striker on the leg side outside the leg stump, and not between the striker and the stumps without making any contact with the striker's bat or person shall be a Wide unless it is the first instance of such a delivery in that over.

For the first instance in an over, the delivery shall not be called a Wide unless it would be deemed a Wide under the Laws of Cricket i.e. The ball will be considered as passing wide of the striker unless it is sufficiently within reach for him/her to be able to hit it with the bat by means of a normal cricket stroke.

## 2024-25 PLAYING CONDITIONS

### One Day Matches

---

- (c) On the off side the ball will be considered as passing wide of the striker unless it is sufficiently within his reach that the striker is able to hit it with his bat by means of a normal cricket stroke.

The offside of the striker's wicket shall be determined by the striker's stance the moment the ball comes into play for that delivery.

- (d) Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether the striker has brought the ball within reach.

## 24 THE MATCH RESULT

### 24.1 Minimum Overs for a result

A result can only be achieved if both teams have had the opportunity of batting for at least 20 overs.

### 24.2 No Result

A match shall be declared a No Result if both teams have not had the opportunity to bat for a minimum of 20 overs because:

- (i) the innings of the team batting first could not commence by 3:30pm (3:45pm for finals series matches); or
- (ii) the innings of the team batting second could not commence by 5:00pm (5:15pm for finals series matches); or
- (iii) the innings of the team batting second would be reduced to less than 20 overs, as a result of an interruption to play after its' commencement.

### 24.3 Determining the result

- (a) In any match where both teams have had the opportunity to bat for the same number of overs, the team scoring the higher number of runs shall be the winner, except where the maximum number of overs to be faced by either team is reduced after a match has commenced, in which case the DLS method shall apply.
- (b) If, due to suspension of play after the innings of the team batting first has been completed, the number of overs in the innings of the team batting second is revised to a lesser number than originally allotted, then a revised target score (to win) should be determined by the DLS method for the number of overs which the team batting second will have the opportunity of receiving.
- (c) Where the innings of the team batting second is suspended (with at least the minimum number of overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS Par Score determined at the instant of the suspension. If the score is equal to the DLS Par Score, the match is a Tie. Otherwise the result is a win or loss by the margin of runs by which the score exceeds, or falls short of, the DLS Par Score.

### 24.4 Duckworth-Lewis-Stern (DLS) Method

It is the responsibility of both teams to perform any DLS calculations and for the team captains to agree on the Par Score or Target Score as applicable. The umpires will oversee the process and will advise of any over reductions.

# 2024-25 PLAYING CONDITIONS

## One Day Matches

It is important to understand that the Target Score is always 1 run more than the Par Score, as the Target Score is the score that the team batting second needs to win the match.

All captains should make themselves familiar with the DLS calculation process.

If a match is being e-scored, then DLS will be available in the PlayHQ e-score application. If a match is not being e-scored, then the DLS function in the MyCricket Live Score App (*Refer to user guide at Appendix B*) or another suitable DLS App may be used.

### 24.5 Forfeits

- (a) Any team wishing to forfeit a match shall notify the ODCA of its intention to forfeit no less than 24 hours prior to the match.
- (b) Where such notice is not given, the forfeiting team will be liable for the full umpires' fees for the match. The ODCA may also impose additional penalties as it deems appropriate.
- (c) On match day, a team will be deemed to have forfeited a match where it fails or refuses to play the match.
- (d) Each team must be ready to commence play at the scheduled or rescheduled commencement time on any playing day, otherwise it could be considered to be refusing to play.
- (e) A team that does not have at least 7 players in attendance at the scheduled starting time may request that the umpires, or opposing captain where there is no appointed umpire, permit the start of play to be delayed by up to 30 minutes or until they have at least 7 players in attendance, whichever occurs sooner. Such a request shall not be reasonably denied.

Note: the toss for choice of innings shall not be delayed under these circumstances, and team lists must still be given to the umpire before the toss.

- (f) Where a team has forfeited a match, the umpire, or if there is no appointed umpire, the captain of the team receiving the forfeit, shall notify the ODCA within 24 hours of the scheduled start of the match.

### 24.6 Competition points

- (a) Points shall be awarded as follows:

Result	Points
Win	6
Win, with bonus point	7
Win by forfeit	Refer (d)
Tie	4
Loss	2
Loss by forfeit	0
No Result	4

- (b) Bonus point

- (i) In order for the team batting first to gain 1 bonus point, it must achieve victory with a run-rate one and two-third times that of the opposition.

# 2024-25 PLAYING CONDITIONS

## One Day Matches

---

- (ii) In order for the team batting second to gain 1 bonus point, it must achieve victory:
- by the end of the 24th over in a 40 over match, or
  - by the end of the 21st over in a 35 over match, or
  - in no more than 60% of the maximum number of overs in a reduced overs match.
- (iii) Where matches are shortened and targets revised through the DLS method, bonus run-rates and bonus defensive targets are derived as a function of the revised target score and maximum overs.
- (iv) Where a result is achieved under the DLS method, the team batting first will be accredited with the team batting second's Par Score off the same number of over available to the team batting second.
- (c) Bye
- (i) For a grade with a bye, points will not be awarded for the bye unless all teams do not receive the same number of byes, in which case the team with the bye shall receive 4 points if all matches in that round do not achieve a result, otherwise they will receive 6 points.
- (ii) *In Third Grade and/or Fourth Grade, where more than one team has a bye in a round, for any purpose other than to allocate an equal number of byes to all teams for that grade, the teams given the extra bye will be allocated 4 points if all matches in that round do not achieve a result, otherwise they will receive the average points gained by that team prior to that round, excluding any points allocated for a bye, rounded to 1 decimal place.*
- (d) Forfeits
- (i) A team which receives a forfeit will receive the highest points awarded to any other team in that grade for that round.
- (ii) If both teams forfeit, then no points will be awarded to either team.
- (iii) A team which forfeits a match, may be subject to the loss of up to 5 points pending the outcome of the Committee's investigation into the circumstances surrounding the forfeit.

## 25 THE FINALS

### 25.1 Venues for finals matches

The Committee shall determine the venues for all finals series matches.

### 25.2 Team qualification for finals

- (a) In a competition of 7 or more teams, the 4 highest placed teams will qualify for the finals, to be played as follows:
- (i) Semi Finals
- The highest ranked team will play the second highest ranked team in the Qualifying Semi Final. The winner qualifies directly for the Grand Final.
  - The third highest ranked team will play the fourth highest ranked team in the Elimination Semi Final. The losing team is eliminated.

## 2024-25 PLAYING CONDITIONS

### One Day Matches

---

- (ii) Preliminary Final
  - the loser of the Qualifying Semi Final will play the winner of the Elimination Semi Final in the Preliminary Final.
- (iii) Grand Final
  - the winner of the Qualifying Semi Final will play the winner of the Preliminary Final in the Grand Final.
- (b) In competitions of 5 or 6 teams, the 3 highest placed teams will qualify for the finals, to be played as follows:
  - (i) Preliminary Final – The second highest ranked team will play the third highest ranked team.
  - (ii) Grand Final – The highest ranked team will play the winner of the Preliminary Final.
- (c) In competitions of 4 teams or less, the 2 highest placed teams will qualify for the Grand Final.
- (d) Where a finals series match is declared a No Result or the result is a Tie, the highest ranked team shall be considered the winner of the match for the purpose of this part.

#### 25.3 Competition placing

- (a) At the completion of the preliminary rounds, teams will be ranked based on their position on the points table. Rankings will be determined by the highest number of competition points.
- (b) In the event of teams finishing on equal points at the conclusion of the preliminary rounds, a team with a higher net run rate shall occupy a higher relative position.
- (c) The team occupying the highest position on the competition points table at the conclusion of the preliminary rounds shall be the minor premiers.

#### 25.4 Net run rate

- (a) A team's run rate shall be calculated by dividing the total runs scored by the total number of overs received.

For the purposes of run-rate calculations, each fair delivery bowled counts as one-sixth of an over.

- (b) A team's net run rate is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition. That is:

$$\text{Net Run Rate} = \text{Team run rate per over} - \text{opposing team run rate per over}$$

- (c) Where the innings of the team batting second is suspended and it is not possible for the match to be resumed, but a result is achieved under DLS, for net run-rate purposes the team batting first will be credited with the team batting second's Par Score on abandonment off the same number of overs faced by the team batting second.
- (d) Where a match is concluded but with DLS having been applied at an earlier point in the match, the team batting first will be credited with 1 run less than the final Target Score for the team batting second off the total number of overs allocated to the team batting second to reach the target.

# 2024-25 PLAYING CONDITIONS

## One Day Matches

---

- (e) In the event of a team being all out in less than its full quota of overs, the calculation of its team run rate is based on the full quota of overs to which they would have been entitled and not on the number of overs in which they were dismissed.
- (f) In a match in which No Result is achieved, run-rate is not applicable.

### 25.5 Premiers

The higher ranked team in a Grand Final shall be declared premier, unless it is defeated by the lower-ranked team, which shall then be declared premier.

### 25.6 Grand Final player of the match

The player of the match in the Grand Final, will be determined by the umpires officiating in that match, unless otherwise approved by the Committee.

## 26 SCORING

### 26.1 General

- (a) Only official ODCA scorebooks are to be used.
- (b) Scoring for all matches is to be in accordance with the ODCA's 'Guidelines for Scoring'.
- (c) A progressive total must be kept for the entire innings.
- (d) It is preferable that each team provides a scorer for the entire match, but there may be times when this is not possible, and one team needs to provide both scorers (typically the batting team).

### 26.2 Electronic scoring (E-scoring)

It is the responsibility of the home team (i.e., the team listed first on the draw) to e-score the match.

When a match is e-scored, score must also be kept in at least one scorebook.

Note: Teams are to ensure their device is fully charged prior to the start of play, and wherever possible have the ability to charge their device during the day.

### 26.3 Accuracy of scorebooks and match result

The captains shall be responsible for ensuring that the scorebooks are accurate.

At the end of the match and prior to leaving the ground both teams should agree on the match result.

Should teams not be able to reach agreement, then a Dispute must be lodged in accordance with clause 3030 below.

## 27 SUBMISSION OF MATCH RESULTS

### 27.1 Team selection

- (a) All clubs are required to enter their selected teams into PlayHQ by no later than the Friday evening prior to the match to facilitate e-scoring.

#### 27.4 Penalties for non-compliance

## 28 CLUB CHAMPIONSHIP

(a) The McCarthy Cup will be awarded to the club with the highest total club championship points each season.

(b) The competition points earned in each grade will be multiplied by the following factor to determine the club championship points for each grade:

First Grade	x 4
Second Grade	x 3
Third Grade	x 2
Lower Grade T20	x 2
Centenary Cup	x 1

First grade points will be increased by 50% to cater for the lesser number of matches played, before the above weighting is applied.

(c) Where points are not awarded for a bye in a grade (refer 24.6(c) above and the BOIDC Playing Conditions), for the purposes of the club championship, bye points will be added to each team's competition points before the weighting is applied.

(d) Where a club has more than one team in a grade the points of the highest placed team in that grade will be counted for that grade.

## 29 PLAYER OF THE YEAR AWARD

(a) A Player of the Year Award will be presented for each grade.

(b) Points shall be awarded on a 3-2-1 basis by the umpire, or where no MUA appointed umpire is present, by the two team captains in each match during the preliminary rounds only and shall be submitted to the ODCA on the Match Report.

(c) Points shall not be awarded for matches where No Result is achieved.

## 2024-25 PLAYING CONDITIONS

### One Day Matches

---

### 30 DISPUTES and PROTESTS

#### 30.1 Procedure

- (a) Any club requiring adjudication by the ODCA on any dispute or protest, shall forward a clear written statement of the matter in dispute or under protest to the Secretary within 48 hours after the scheduled close of play from the match which the dispute or protest has arisen. - (i) to be consumed by participants from the time they arrive at the ground until play concludes on that day, or
  - (ii) to be brought onto the ground by participants during play.

#### What is the difference between Par Score and Target Score?

- **Par score** is the total that a chasing team should have reached - when they are 'X' wickets down - at the time of an interruption while **target score** is the revised score that a team is required to get after an interruption.
- In a nutshell, par scores are calculated **before** an interruption, while targets are calculated **after** an interruption. The target is one fixed number, while the par score changes according to the number of wickets lost.
